

Labs 4 Rescue

Calvin Gumprecht, a student at Derynoski School in Southington, hosted a "Labs 4 Rescue" fundraiser at his home on Saturday, Oct. 1, 2011.

The fundraiser included a car wash, bake sale and gift basket raffle. Homemade doggie treats were also sold. Calvin recruited his family and his neighborhood friends to help pitch in at the fundraiser.

This was Calvin's second fundraiser in honor of his first dog Bailey, a yellow lab, who died in 2010. Both fundraisers fared better than Calvin expected when he raised well over \$1,000 at each one. In October 2010, Calvin's family adopted Stella, a 4-year old chocolate lab from "Labs 4 Rescue" from Tennessee.

Since Calvin's two fundraisers were very successful, he plans on holding another event again this year.
